1. Start on the Home Page

This example follows the Ariel Canvas Tote Bag from browsing through to a quote request.

Two routes. The same product.

Search: Canvas Tote Bag → Ariel Canvas Tote Bag
Category: Bags & Backpacks & Packaging → Canvas Bags → Ariel Canvas Tote Bag

[Open the JEM Home Page]

1 Search by keyword

Know what you need? Type a product name into Search. Follow the example on page 2.

2 Browse by category

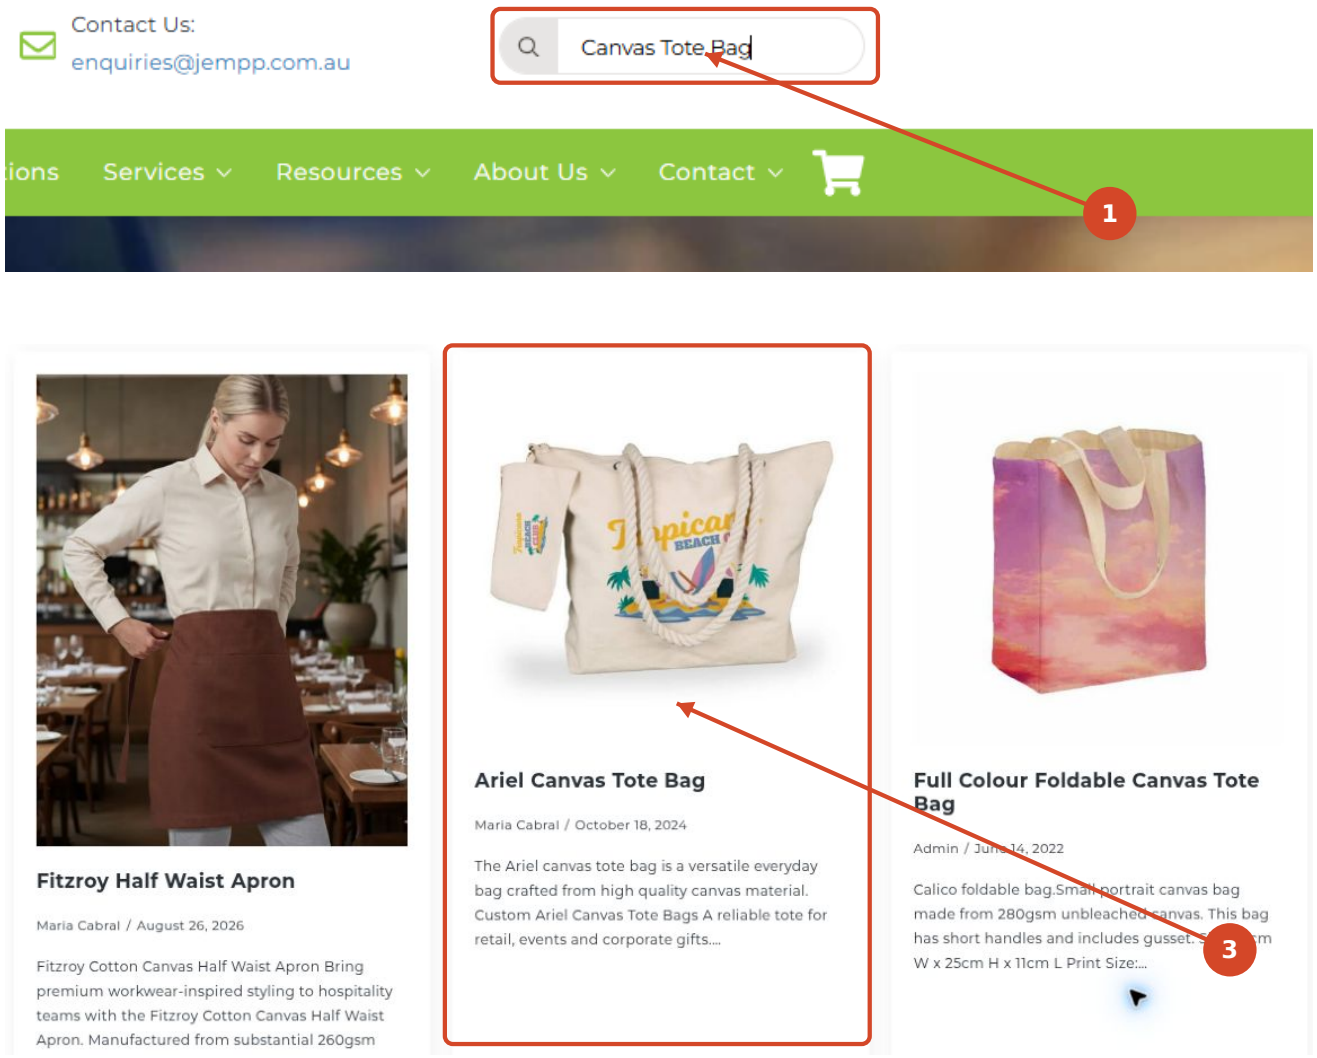

Explore related products without choosing a keyword. Follow the example on page 3.

3 Open your quote cart

Use the cart icon to review items you have added. Pages 4-5 show how to build and send your request.

2. Browse by Search Button

Use a keyword when you already have a product type or name in mind.

[View the Canvas Tote Bag search results]

1 Enter Canvas Tote Bag

Click in the Search field at the top of the website and type Canvas Tote Bag.

2 Start the search

Press Enter or click the magnifying glass. Scroll through the results to find a suitable product.

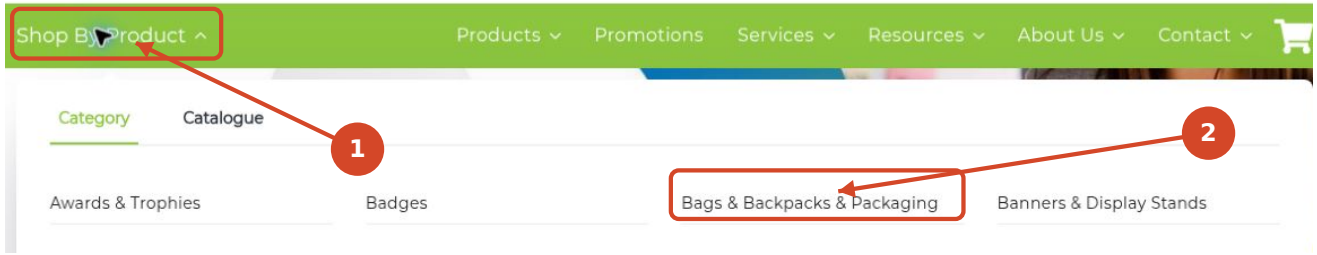

3 Open the Ariel tote

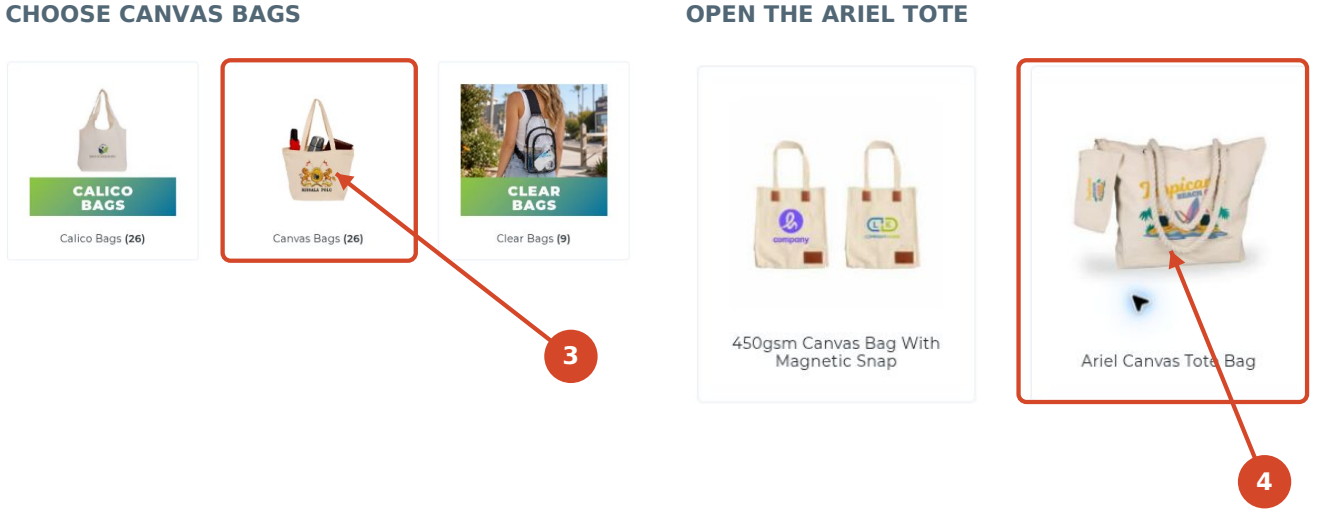

Click the Ariel Canvas Tote Bag image, title or Read More. Continue to page 4.

Search may also show articles and other related content. Category browsing gives you a focused product range.

3. Browse By Category

Use categories to discover a range of similar products, then narrow your choice.

Browse related options before choosing. This route helps you discover products you might not find with a single keyword.

[Open Bags & Backpacks & Packaging]

1 Open the category menu

Open Shop By Product in the green bar. Make sure the Category tab is selected.

2 Choose the main category

Click Bags & Backpacks & Packaging.

3 Choose Canvas Bags

Scroll down the category tiles and click Canvas Bags.

4 Choose the Ariel tote

Scroll to the product listing and click Ariel Canvas Tote Bag. Continue to page 4.

4. Place Product in Quote Request Cart

Both browsing routes bring you to the same product page. Add the items you would like quoted.

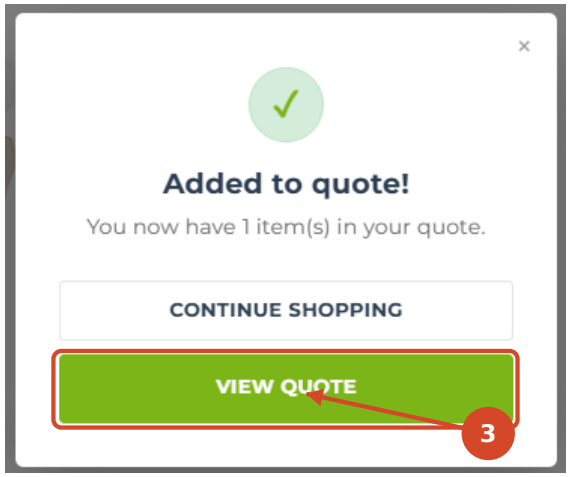

1 Set your quantity

Check the quantity beside the product and enter the number you would like quoted. 25 is the example shown.

2 Add the product

Click Add to Quote. The confirmation window shows that the product has been added.

Added to quote!

Choose Continue Shopping if you would like to add more products, or View Quote when you are ready to review your selection.

3 View your quote

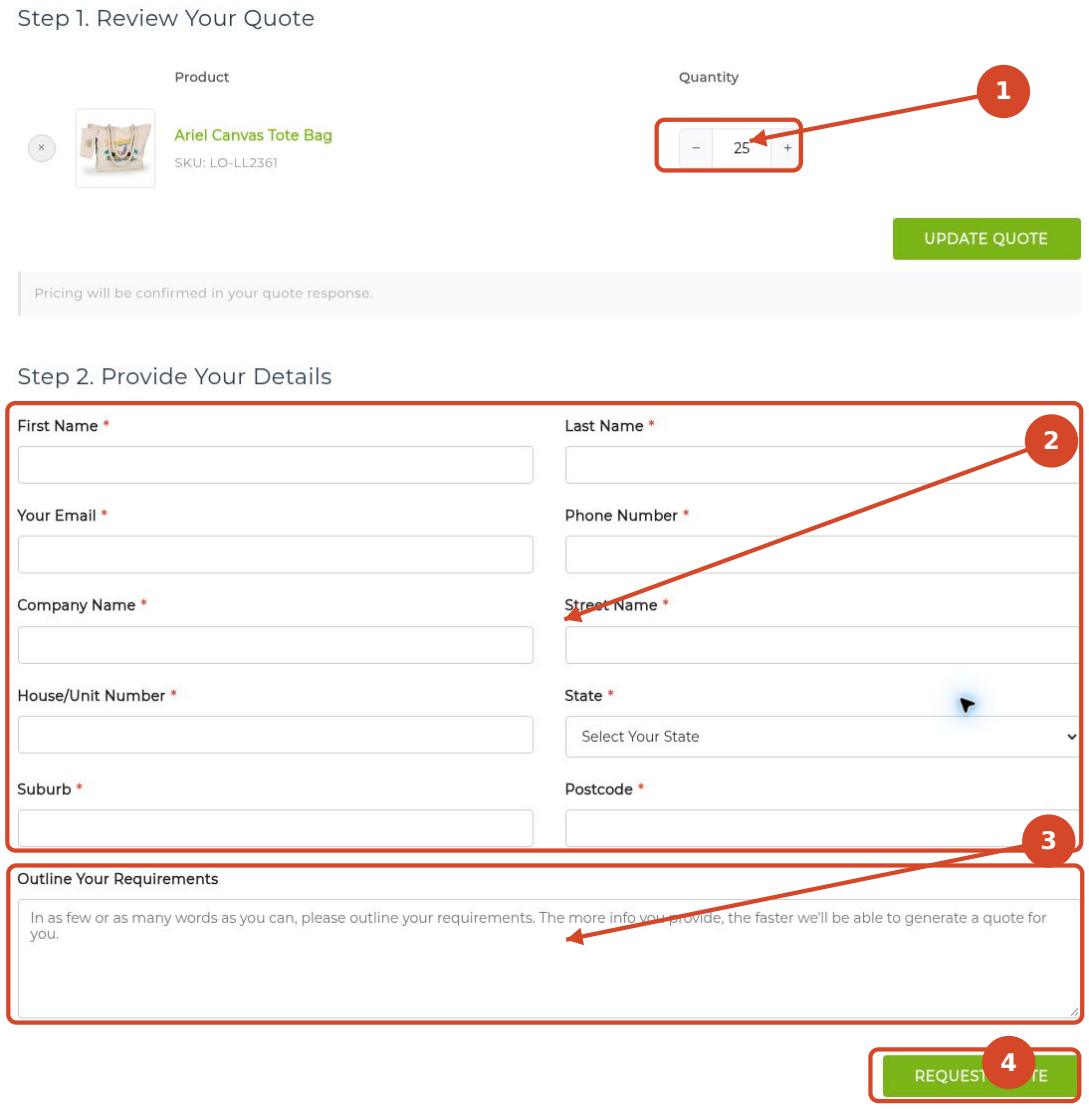

Click View Quote in the confirmation window. You can also use the cart icon to return to your quote.

You are building a quote request. Pricing will be confirmed in JEM's quote response.

[Open the Ariel Canvas Tote Bag]

5. Submit Quote Request

Check your selection, enter your details and tell JEM what you need.

1 Review your quote

Check the product and quantity. If you change the quantity, click Update Quote.

2 Provide your details

Complete every field marked *: your name, email, phone, company and delivery address.

3 Outline your requirements

Include branding, preferred colours, required delivery date and any other instructions. Mention your budget if useful.

4 Send your request

Click Request Quote. Correct any highlighted fields if prompted, then check for an on-screen confirmation.
